SUMMARY

UI/UX and Interaction Designer with practical experience in user research, wireframing, prototyping, and usability testing using Figma. Skilled in translating user insights into intuitive, user-centered digital experiences. Actively seeking a UI/UX Design Internship for Summer 2026 to apply design thinking principles and contribute to impactful, innovative projects.

SKILLS

UX & Interaction Design	User Research, Wireframing, Prototyping, Design Thinking, Usability & Accessibility
Visual & UI Design	Visual Design, Design Systems, Color Theory, Typography
Tools	Figma, Canva, Adobe Photoshop, Adobe Illustrator, Adobe inDesign
Professional Skills	Communication, Collaboration, Presentation, Problem Solving

PROJECTS

Zomato App UX Redesign – Food Preference Customization

- Conducted a UI/UX case study on Zomato's food preference customization, identifying usability issues through user research and competitor analysis.
- Redesigned information architecture and interaction flows, reducing preference setup steps by **50% (6 → 3)** and improving task completion efficiency.
- Created wireframes and high-fidelity UI screens in Figma following usability and accessibility guidelines.
- Built interactive prototype and performed basic usability testing to validate design decisions.

Design Context & User Concerns – Interaction Design Study

- Designed a wearable interaction concept to improve safety and well-being of senior citizens.
- Conducted contextual research and interviews to understand elderly users' challenges and daily routines.
- Applied design thinking process (empathize, define, ideate, prototype, test) to solve real-world problems.
- Developed an intuitive and accessible interaction flow, reducing emergency activation steps by **40% (5 → 3)** and improving response-time efficiency.

EDUCATION

Master of Design (M.Des) – UI/UX & Interaction Design, UPES, Dehradun — 2025 – Present

Bachelor of Arts (B.A), DAV PG College, Dehradun — 2021 – 2024

Class XII (Senior Secondary), Kendriya Vidyalaya ITBP, Dehradun — 2019

Class X (Secondary), Kendriya Vidyalaya ITBP, Dehradun — 2017

CERTIFICATIONS

Design Psychology — Feb 2026

Using AI Tools for Design — Feb 2026

Introduction to Prompt Engineering — April 2026
